### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: MDM
- Minimum Order Quantity: 1000 pieces
- Price: \$1.46/pieces 1000-4999 pieces
- Packaging Details: PE bag and foam, outside with carton
- Supply Ability: 200000 Piece/Pieces per Month

### Product Specification

- Condition: New, New
- Type: Powder Metallurgy, Stamping Parts
- Spare Parts Type: OEM, Cutting Parts
- Video Outgoing-inspection: Provided
- Machinery Test Report: Provided
- Marketing Type: Hot Product 2023
- Material: ALLOY, Stainless Steel, Stainless Steel Alloy: 17-4PH
- Warranty: 2 Years
- Key Selling Points: Competitive Price, Competitive Price
- Weight (KG): 0.01 KG
- Applicable Industries: Building Material Shops, Machinery Repair Shops, Manufacturing Plant, Food & Beverage Factory, Farms, Construction Works, Energy & Mining, Food & Beverage Shops, Other, Building Material Shops, Manufacturing Plant, Restaurant, H

Doongguan Minda Metal Tchechnology Co.,Ltd. is a manufacturer of metal parts that focus on providing customers with high quality products and the best services. We specialize in producing metal injection molding parts, sintering parts and also other customized metal parts. Nowadays, people are looking for a good method for metal parts processing, for the purpose of shortening delivery time, improving products' accuracy and most important saving cost.

Metal injection molding(MIM), a new method of metal processing: combining organic binder and metal powder, using the traditional method same as plastic injection to form the parts. This method enables the production of very complex shaped parts similar to plastic products or die cast products, but with savings in resources and energy, which is very suitable for production in big quantity.

MIM parts can be used in various kinds of industries, such as lock parts, OA parts, military spare parts, electronic spare parts, various kinds of precision metal parts etc. Besides, we could also provide with the service of surface treatment like black oxide, zinc plating, chrome plating, nickel plating and so on. The one-stop service will eliminate clients' worries. With more than 10 years experience of engineers, MDM is aiming to find the best solution for metal injection products. Our professional spirit and fast response will make you believe we are your best choice.

## FAQ
