

100% QC Inspection CNC Aluminum Parts Manufacturing Machinery for Customized Products

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: MDM
- Model Number: MDM
- Minimum Order Quantity: 100 pieces
- Price: \$0.89/pieces 100-499 pieces
- Packaging Details: PE bag and foam, outside with carton
- Supply Ability: 200000 Piece/Pieces per Month

Product Specification

- CNC Machining Or Not: Cnc Machining
- Type: Broaching, DRILLING, Etching / Chemical Machining, Laser Machining, Milling, Other Machining Services, Turning, Wire EDM, Rapid Prototyping
- Material Capabilities: Aluminum, Brass, Bronze, Copper, Hardened Metals, Stainless Steel, Steel Alloys
- Micro Machining Or Not: Not Micro Machining
- Material: Aluminum Alloy
- Surface Treatment: Anodizing
- Tolerance: 0.02mm
- Application: Machinery
- MOQ: 100
- Packing: Poly Bag + Inner Box + Carton
- Quality Control: 100% QC Inspection
- Size: Customized Size Acceptable

Product Overview

PRODUCT SPECIFICATIONS

Application	Industrial, construction, medical, Marine, electronics, furniture
Shape	According to client's drawings or samples
Material	6061-T6, 6063, 7075, 316L,304L, 420, 4140, 4340, 45#, Titanium, Brass, Copper etc.
Applicable Industries	Building Material Shops, Machinery Repair Shops
Test Report	Available
Key Selling Points	Competitive Price
Tolerance	Generally 0.05mm
Video outgoing-inspection	Provided

COMPANY PROFILE

Dongguan Minda Metal Tchechnology Co.,Ltd. Was founded in 2015. We specialize in producing MIM parts, PM part, CNC machining parts and Aluminum alloy, Magnesium alloy and Zinc alloy die casting parts. At the same time we also undertake the corresponding product mold design and development and production.

Our professional sales staff will communicate and understand the needs of customers in a timely manner and convey to the technical staff, and the general manager will quickly give the quotation scheme suitable for the product.

In the production process, we will check the quality of products at any time. The product will be fully inspected before shipment to ensure that none of the defective products reach the customer's hands.

You have the right needs and we have the right expertise, for hardware accessories solutions please feel free to contact us, we are there for you 7x24h.

Production equipment

Details determines quality

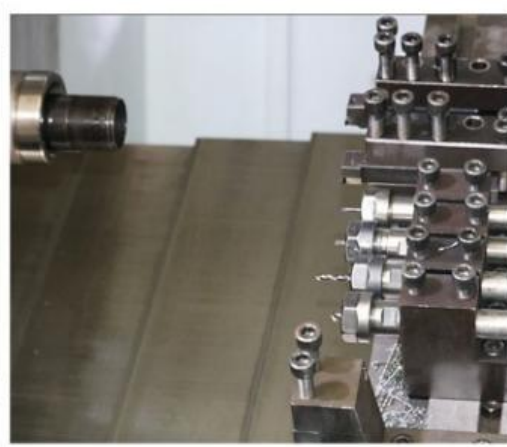

CNC lathe

Automatic lathe core moving machine

CNC engraving machine

Drilling and tapping machine

sintering furnace

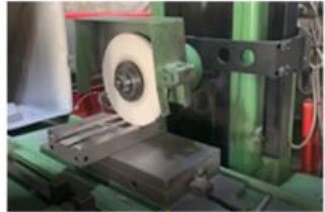

injection machine

debinding machine

CNC center

milling machine

CNC machining

1000 ton die-casting machine

mold workshop

post procesing workshop

Our Advantages

WHY CHOOSE US

PACKING & DELIVERY

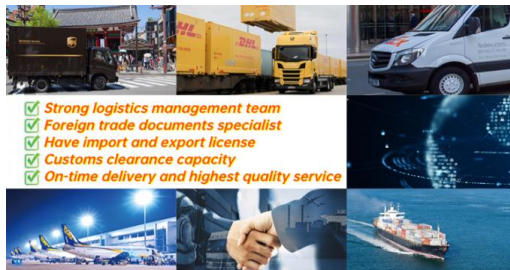

Packed in foam envelope
Protect the products from
scratch and rust

Packed in foam blister
Protect the products from
Damage and rust

Outer package, with carton boxes with
0.6mm thick to keep the parts safe and
complete to arrive at the destination

- ✓ Strong logistics management team
- ✓ Foreign trade documents specialist
- ✓ Have import and export license
- ✓ Customs clearance capacity
- ✓ On-time delivery and highest quality service

To better ensure the safety of your goods, professional, environmentally friendly, convenient and efficient packaging services will be provided.

FAQ

Q1.Are you a manufacture or a trading company?

A: We are a manufacture & trading company with over 10 years' experience in custom machining service. And have been trading with overseas clients for many years.

Q2. How do you work the parts?

A: We mainly produce custom parts, means produce according to clients' drawings or samples. We will fully evaluate the drawings before production and provide customers with the best solution to minimize the costs.

Q3. What kind of materials are used on your products normally ?

A: .For die-casting process we use Aluminum alloy, Magnesium alloy and Zinc alloy. For MIM/PM process the materials are Iron base, stainless steel powder. For CNC machining parts the materials are Steel 4140, 4340, #45 steel, Chroma steel, 420 SS, 304SS, 316SS, Brass, Titanium etc.

Q4.What is the payment term?

A: T/T, L/C, D/P, D/A acceptable, just let us know which is convenient for you.
