

## Custom CNC Machined Aluminum Parts with Powder Metallurgy

Our Product Introduction

for more products please visit us on [mimmetalparts.com](http://mimmetalparts.com)

### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: MDM
- Minimum Order Quantity: 1000
- Price: \$4.06-4.56

### Product Specification

- Material: Aluminum 6061/7075, Stainless Steel 304/316/420/303, Brass, Copper, Titanium, Carbon Steel, Mild Steel, #45 Steel, 4140, 4340, Kovar Alloy
- Surface Treatment: Zinc Plating, Chrome Plating, Nickel Plating, PVD Coating, Anodizing, Polishing, Sand Blasting
- Technics: CNC Turning/milling/machining/drilling/laser Cutting/stamping/wire Cutting
- Surface Roughness: Ra 0.8-3.2
- Color: PVD Black/silver/yellow/golden, Black Oxide, Zinc Plating Black/silver/colorful
- Weight: 0.05 Kg
- Type: Powder Metallurgy
- Plating: Chrome
- Technology: Metal Powder Injection Molding(MIM)
- Package: Tray And Carton

Product Description

Custom CNC Turning Milling Drilling Machined Service Anodized Aluminum Parts

Product Specifications

Attribute	Value
Type	Powder metallurgy
Material	Alloy
Plating	Silver , Chrome
Warranty	6 Months
Weight	0.05 kg
Condition	New
Technology	Metal Powder Injection Molding (MIM)
Package	Tray and carton
Surface Treatment	Sand Blasting, Powder Coating, Plating, Polishing, etc.
Applicable Industries	Building Material Shops, Machinery Repair Shops, Manufacturer

Product Features

- Competitive pricing with high quality standards
- 100% inspection before shipping
- Sales guarantee for 2 years
- Comprehensive surface treatment options
- Precision machining with surface roughness Ra 0.8-3.2

### Material Options

<b>Material</b>	Aluminum 6061/7075, stainless steel 304/316/420/303, Brass, Copper, Titanium, Carbon steel, Mild steel, #45 steel, 4140, 4340, Kovar alloy
<b>Surface Treatment</b>	Original or customized options including zinc plating, chrome plating, nickel plating, PVD coating, anodizing, polishing, sand blasting
<b>Technics</b>	CNC Turning/milling/machining/drilling/laser cutting/stamping/wire cutting
<b>Color Options</b>	PVD black/silver/yellow/golden, black oxide, zinc plating black/silver/colorful etc.

## Company Profile

Dongguan Minda Metal Technology Co., Ltd. was founded in 2015. We specialize in producing CNC machining parts, MIM parts, powder metallurgy parts, and aluminum/magnesium alloy die casting parts. We also undertake corresponding product mold design, development and production.

Our professional sales team communicates with customers to understand requirements and convey them to technical staff. The general manager provides quick quotations tailored to product needs.

During production, we conduct quality checks at every stage. All products undergo full inspection before shipment to ensure zero defects reach customers.

## Packaging & Shipping

### PACKING&SHIPPING

#### PACKAGING DETAILS

1. Standard exporting cartons package
2. Cartons packed with wooden pallet
3. As per customized specifications such as logo or others

#### DELIVERY TIME

15 days

## Frequently Asked Questions

---

**Q1. What kind of documents do you need for a quotation?**

A: We need PDF drawings, 3D drawings files in STEP, IGS or X\_T format.

**Q2. Can you make the parts according to samples?**

A: Yes, we can. You need to send us the samples for assessment. We can create drawings from physical samples for production.

**Q3. What kind of materials are used on your products normally?**

A: Aluminum, Steel, Brass, Stainless Steel, Bronze, Titanium alloy, etc.

**Q4. Can you assemble the products?**

A: Yes. We can assemble products according to customer assembly drawing requirements.
