

CNC Machined Stainless Steel Screws with 0.02mm Tolerance

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: MDM
- Model Number: MDM
- Minimum Order Quantity: 1000
- Price: \$0.29-0.55

Product Specification

- CNC Machining: Yes
- Material: Aluminum Alloy, Stainless Steel
- Surface Treatment: Anodizing
- Tolerance: 0.02mm
- Processing Method: CNC Machining Lathing
- Chemical Composition: C, Si, Mn, P
- Micro Machining: No
- Material Capabilities: Aluminum, Brass, Bronze, Copper, Hardened Metals, Stainless Steel, Steel Alloys
- Minimum Order Quantity: 100
- Shape: Customized
- Size: Customized
- Color: Customized
- Spare Parts Type: Mod Spare Parts
- Test Report: Available

Product Description

Stainless Steel Screws Brass Screws with Hexagon Head CNC Machined Small Metal Aluminum Parts

Product Attributes

Attribute	Value
CNC Machining or Not	CNC Machining
Type	Broaching, Drilling, Etching/Chemical Machining, Laser Machining, Milling, Other Machining Services, Turning, Wire EDM, Rapid Prototyping
Material Capabilities	Aluminum, Brass, Bronze, Copper, Hardened Metals, Stainless Steel, Steel Alloys
Micro Machining or Not	Not Micro Machining
Material	Aluminum Alloy
Surface Treatment	Anodizing
Tolerance	0.02mm
Application	Machinery
MOQ	100
Packing	Poly Bag + Inner Box + Carton
Quality Control	100% QC Inspection
Size	Customized Sizes Acceptable
Color	Customized Colors
Processing Method	CNC Machining Lathing

Product Overview

Product Specifications

Item	Value
Place of Origin	China, Guangdong
Brand Name	MDM
Application	Industrial, construction, medical, marine, electronics, furniture
Shape	According to client's drawings
Material	316L, 304L Stainless Steel
Chemical Composition	C, Si, Mn, P
Applicable Industries	Building Material Shops, Machinery Repair Shops
Spare Parts Type	Mod spare parts
Test Report	Available
Tolerance	Generally 0.05mm
Video Outgoing-Inspection	Provided

Packing & Delivery

To better ensure the safety of your goods, professional, environmentally friendly, convenient and efficient packaging services will be provided.

Company Profile

Dongguan Minda Metal Technology Co., Ltd. was founded in 2015. We specialize in producing MIM parts, PM parts, CNC machining parts and aluminum alloy, magnesium alloy and zinc alloy die casting parts. At the same time we also undertake the corresponding product mold design and development and production.

Our professional sales staff will communicate and understand the needs of customers in a timely manner and convey to the technical staff, and the general manager will quickly give the quotation scheme suitable for the product.

In the production process, we will check the quality of products at any time. The product will be fully inspected before shipment to ensure that none of the defective products reach the customer's hands.

You have the right needs and we have the right expertise, for hardware accessories solutions please feel free to contact us, we are there for you 7x24h.

WHY CHOOSE US

Frequently Asked Questions

Q1. Are you a manufacturer or a trading company?

A: We are a manufacturer & trading company with over 10 years' experience in custom machining service. And have been trading with overseas clients for many years.

Q2. How do you work the parts?

A: We mainly produce custom parts, meaning we produce according to clients' drawings or samples. We will fully evaluate the drawings before production and provide customers with the best solution to minimize the costs.

Q3. What kind of materials are used on your products normally?

A: For die-casting process we use aluminum alloy, magnesium alloy and zinc alloy. For MIM/PM process the materials are iron base, stainless steel powder. For CNC machining parts the materials are steel 4140, 4340, #45 steel, chroma steel, 420 SS, 304SS, 316SS, brass, titanium etc.

Q4. What is the payment term?

A: T/T, L/C, D/P, D/A acceptable, just let us know which is convenient for you.
