Basic Information

- Place of Origin: Guangdong, China
- Brand Name: MDM
- Model Number: MDM
- Minimum Order Quantity: 1000
- Price: \$0.02-0.05

Product Specification

- Material: Aluminum 6061/7075, Stainless Steel 304/316/420/303, Brass, Copper, Titanium, Carbon Steel, Mild Steel, #45 Steel, 4140, 4340, Kovar Alloy
- Surface Treatment: Anodizing, Zinc Plating, Chrome Plating, Nickel Plating, PVD Coating, Polishing, Sand Blasting
- Technics: CNC Turning, Milling, Machining, Drilling, Laser Cutting, Stamping, Wire Cutting
- Surface Roughness: Ra 0.8-3.2
- Tolerance: 0.02mm
- Processing Method: CNC Machining Lathing
- Micro Machining: Not Micro Machining
- CNC Machining: Yes
- Size: Customized Sizes Acceptable
- Color: Customized Colors
- Material Capabilities: Aluminum, Brass, Bronze, Copper,

Product Description

Stainless Steel Shim Plain Washers Flat Washers Brass Shim

High-quality shim washers available in various materials including stainless steel and brass, suitable for industrial applications requiring precision spacing and alignment.

Product Specifications

Material	Aluminum 6061/7075, stainless steel 304/316/420/303, Brass, copper, Titanium, Carbon steel, Mild steel, #45 steel, 4140, 4340, Kovar alloy
Surface treatment	Original or according to requirements: zinc plating, chrome plating, nickel plating, PVD coating, anodizing, polishing, sand blasting
Technics	CNC Turning/milling/machining/drilling/laser cutting/stamping/wire cutting
Sample	Sample costs can be refunded when mass production is confirmed
Surface Roughness	Ra 0.8-3.2
Color	PVD black/silver/yellow/golden, black oxide, zinc plating black/silver/colorful etc.
Feature	Good quality, 100% inspection before shipping, sales guarantee 2 years

Company Profile

Dongguan Minda Metal Technology Co., Ltd. was founded in 2015. We specialize in producing CNC machining parts, MIM parts, powder metallurgy parts, and aluminum/magnesium alloy die casting parts. We also undertake corresponding product mold design, development, and production.

Our professional sales staff communicates with customers to understand requirements, which are conveyed to technical staff for rapid quotation development.

During production, we conduct quality checks at every stage, with full inspection before shipment to ensure no defective products reach customers.

For hardware accessories solutions, contact us anytime - we're available 24/7.

Packaging & Shipping

Frequently Asked Questions

Q1. What kind of documents do you need for a quotation?

A: We need PDF drawings, 3D drawings files in STEP, IGS or X_T format

Q2. Can you make the parts according to samples?

A: Yes, we can. You need to send us the samples for assessment. We can establish the drawing model through physical samples and then use it during production.

Q3. What kind of materials are used on your products normally?

A: Aluminum, Steel, Brass, Stainless Steel, Bronze, Titanium alloy, etc.

Q4. Can you assemble the products?

A: Yes. We can assemble the products according to the assembly drawing requirements of the customers.
