

Customized Laser Cutting Stainless Steel Flat Washer Adjustment Shims with 2 Years Warranty and 0.02mm Tolerance

Our Product Introduction

for more products please visit us on mimmetalparts.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: MDM
- Minimum Order Quantity: 1000
- Price: \$0.02-0.04

Product Specification

- Material: Stainless Steel
- Plating: Zinc
- Weight: 0.01 Kg
- Surface Treatment: Anodizing
- Tolerance: 0.02mm
- Processing Method: CNC Machining Lathing
- Surface Roughness: Ra 0.8-3.2
- Technics: CNC Turning/milling/machining/drilling/laser Cutting/stamping/wire Cutting
- Size: Customized Sizes Acceptable
- Color: Customized Colors
- Material Options: Aluminum 6061/7075, Stainless Steel 304/316/420/303, Brass, Copper, Titanium, Carbon Steel, Mild Steel, #45 Steel, 4140, 4340, Kovar Alloy
- Surface Treatment Options: Zinc Plating, Chrome Plating, Nickel Plating, DCD Coating, Anodizing, Polishing, Sand

Product Description

Customized Laser Cutting Stainless Steel Flat Washer Adjustment Shims

Precision-engineered flat washer adjustment shims manufactured through advanced laser cutting technology for perfect fit and dimensional accuracy.

Product Specifications

Material	Aluminum 6061/7075, stainless steel 304/316/420/303, Brass, copper, Titanium, Carbon steel, Mild steel, #45 steel, 4140, 4340, Kovar alloy
Surface treatment	Original or customized options including zinc plating, chrome plating, nickel plating, PVD coating, anodizing, polishing, sand blasting
Technics	CNC Turning/milling/machining/drilling/laser cutting/stamping/wire cutting
Sample	Sample costs refundable upon mass production confirmation
Surface Roughness	Ra 0.8-3.2
Color	PVD black/silver/yellow/golden, black oxide, zinc plating black/silver/colorful etc.
Feature	Premium quality, 100% inspection before shipping, 2-year sales guarantee

Company Profile

Dongguan Minda Metal Technology Co., Ltd., founded in 2015, specializes in precision manufacturing of CNC machining parts, MIM components, powder metallurgy parts, and aluminum/magnesium alloy die casting products. We also provide comprehensive mold design, development, and production services.

Our professional sales team maintains constant communication to understand customer requirements, which are promptly relayed to our technical staff. Our general manager provides rapid, accurate quotations tailored to your specific needs.

Throughout production, we implement rigorous quality control measures. Every product undergoes comprehensive inspection prior to shipment to ensure zero defects reach our customers.

With our expertise and your requirements, we provide complete hardware accessory solutions. Contact us anytime - we're available 24/7.

Packaging & Shipping

Frequently Asked Questions

Q1. What kind of documents do you need for a quotation?

A: We require PDF drawings or 3D files in STEP, IGS, or X_T format for accurate quotations.

Q2. Can you make the parts according to samples?

A: Yes, we can reverse engineer parts from physical samples. We'll create precise CAD models from your samples for production.

Q3. What kind of materials are used on your products normally?

A: We work with various materials including Aluminum, Steel, Brass, Stainless Steel, Bronze, and Titanium alloys.

Q4. Can you assemble the products?

A: Yes, we provide complete assembly services according to your specified requirements and assembly drawings.
